MOU Annual Reporting Template Instructions

Pursuant to the 2024 Managed Care Plan Contract (MCP), Exhibit A, Attachment III, Section 5.6 and All Plan Letter (APL) 23-029, Medi-Cal MCPs, are required to execute Memoranda of Understanding (MOUs) with a number of Third-Party Entities, including local health departments, local educational and governmental agencies, such as county behavioral health departments for specialty mental health care and substance use disorder treatment services, and other local programs and services. Starting in 2025, MCPs must submit to the Department of Health Care Services (DHCS), via the Managed Care Operations Division (MCOD)-MCP Submission Portal, an MOU Annual Report that includes: updates from the required quarterly meetings with the Third-Party Entities, the process and outcomes of their annual MOU review, and reports to MCP's compliance officer.

MOU Annual Report

The MOU Annual Report is intended to summarize the MCPs annual review process, any amendments that were made to the MOU or policies and procedures, and the outcomes of the review. This report is not intended to be duplicative of MOU quarterly reports, where MCPs demonstrate a good faith effort to execute MOUs. An executed MOU means an MOU that has been reviewed and approved by DHCS, if applicable, and subsequently signed by all relevant parties to the MOU. MCPs must complete and submit this MOU Annual Report as outlined below.

Annually, MCPs must report on each executed MOU that was in effect during the reporting year. For MOUs that become effective during the reporting year, MCPs must report on the MOU-related activities during the period that the MOU was effective. For example, MOUs effective 07/01/2024 shall report for the period of 07/01/2024 - 12/31/2024.

MCPs that operate in more than one county must report on all counties within the same MOU Annual Report.

MOU Annual Reports must be submitted to the MCP-MCOD Submission Portal no later than the last business day of January of each year. In addition, MOU Annual Reports must be posted to MCP's website no later than March 1st each year. MCPs must submit the Web Posting link of the MOU Annual Report to the MCP-MCOD Submission Portal by the close of business on March 10th of the reporting year. As the information in the report may be viewed by the public, do not include any Members' Personal Health Information (PHI) or any other confidential information in the report.

Annual MOU Review

MCPs must review their executed MOUs annually with the Other Parties to see if any amendments to the MOU are necessary. This includes, but is not limited to, incorporating any new MCP contract requirements and/or policy guidance. When submitting the MOU Annual Report, MCPs must attest that they performed the annual review and supporting documentation must be retained by the MCP for potential auditing purposes. MOUs that are amended as a result of the MCPs annual MOU review must be submitted to the MCOD-MCP Submission Portal using the appropriate MOU submission artifact (links located below).

Attestation

MCPs must attest to completing the Annual Review of the MOU and Quarterly Reporting for the specified year, as required by the 2024 Managed Care Contract (Exhibit A, Attachment III, Subsection 5.6.3.B.3). MCPs must also certify that all information in this report is true, accurate, and complete to the best of their knowledge. MCPs will submit the MOU Annual Report artifact for File and Use and the report will not receive official DHCS approval. Please see Attestation tab for instructions.

Unless otherwise noted in the instructions below, please do not include any attachments with your report, as unsolicited attachments will not be accepted. If you have additional questions or concerns, please contact MCPMOUS@dhcs.ca.gov.
