i. The Parties must facilitate referrals to Agency for Members who may meet the eligibility criteria for WIC Services.

ii. MCP must refer Members using a patient-centered, shared decision-making process.

iii. MCP must refer and document the referral to Agency of Members who are Pregnant Women, Breastfeeding Women, Postpartum Women, or the legal guardians of Members who are Infants or Children, including referrals made as part of the initial evaluation of newly pregnant individuals, pursuant to 42 Code of Federal Regulations Section 431.635(c) and any relevant DHCS guidance. MCP must have policies and procedures to identify and refer, and to ensure its Network Providers identify and refer, to Agency those Members who may be eligible for WIC Services.

1. As part of the referral, or as soon as possible thereafter, MCP must assist the Network Provider, Member, and Agency, as necessary, with sharing the Member's name, address, relevant portions of the medical record, Medi-Cal number, and contact information (such as the Member's phone/email) as well as a copy of the Member's current (within the past 12 months) hemoglobin and hematocrit laboratory values with Agency as soon as possible. If the Member has not yet had these laboratory tests, MCP must coordinate with the Network Provider and Member to assist the Member with obtaining such laboratory tests as soon as possible.

2. MCP must ensure its Network Providers share with Agency relevant information from patient visits, including, without limitation, height and weight measurements, hemoglobin/hematocrit values, blood lead values, immunization records for Infants and Children, and health conditions when referring their patients to Agency and/or when requested by Agency. MCP must also ensure that its Network Providers share with Agency all WIC Program documentation, including necessary CDPH WIC Program forms.

iv. MCP must collaborate with Agency to update referral processes and policies designed to address barriers and concerns related to referrals and delays in service delivery.

v. Agency should refer Members to MCP for MCP's Covered Services, including any Community Supports services or care management programs for which Members may qualify, such as Enhanced Care Management ("ECM") or Complex Case Management. However, if Agency is also a Community Supports Provider or an ECM Provider pursuant to a separate agreement between MCP and Agency for Community Supports or ECM services, this MOU does not govern Agency's provision of Community Supports or ECM services.

vi. Upon notification from MCP that a Member may be eligible for WIC Services, and in accordance with its normal practices and procedures governing WIC application and certification, Agency must conduct the applicable screening and assessments to determine whether the Member is eligible for WIC Services.

vii. Agency must provide MCP with information about WIC referral process(es), including referral forms, links, fax numbers, email addresses, and other means of making and sending referrals to Agency. Agency must work with MCP, as necessary, to revise referral processes and address barriers and concerns related to referrals.

viii. Agency is responsible for the timely enrollment of, and follow-up with, Members eligible for WIC Services in accordance with the processing standards set forth in 7 Code of Federal Regulations Section 246.7(f) and California Code of Regulations, Title 22, Section 40675.

ix. As Agency is the payor of last resort, MCP and Agency must coordinate to ensure MCP understands Agency's processes and procedures for providing Members with therapeutic formula as appropriate. MCP must ensure its Network Providers are informed of and follow the requirements for assisting Members in obtaining therapeutic formula from Agency as appropriate. The following information must be included with the WIC referral after submitting a prior authorization (PA) to Medi-Cal Rx for provision of therapeutic formula, including submission of the following information with the referral: (1) a copy of the Medi-Cal Rx PA denial notification upon receipt from Medi-Cal Rx or an attestation from the Provider that the request has been submitted to and denied by Medi-Cal Rx, and (2) a completed WIC Medical Formula and Nutritionals Request Form or a prescription or hospital discharge papers that contain: the WIC Participant's first and last name, a qualifying medical diagnosis, the name of the therapeutic formula or medical nutritional, amount required per day, length of time prescribed in months, WIC authorized food restrictions (if applicable), the Network Provider's signature or signature stamp, contact information of the Network Provider who wrote the medical documentation, and the date the Network Provider signed the medical documentation.

Closed Loop Referrals. To the extent that the following does not (a) require modifications to the WIC Program's management information system by CDPH or its contractors, (b) require Agency to store confidential WIC Participant or WIC Applicant information as defined in 7 Code of Federal Regulations Section 246.26(d)(1)(i) in any database or management information system other than the one in use by CDPH, or (c) otherwise conflict with current or future statutes, regulations, or guidance for the WIC Program, by January 1, 2025, or future date as set by the DHCS, the Parties must develop a process to implement DHCS guidance regarding closed loop referrals to applicable Community Supports, ECM benefits, and/or community-based resources, as referenced in the CalAIM Population Health Management Policy Guide,² DHCS APL 22-024, or any subsequent version of the APL, and as set forth by DHCS through an APL or other, similar guidance. Agency may include an individual WIC Applicant's or WIC Participant's information in a closed loop referral system only if the WIC Applicant, WIC Participant, or parent or guardian of a WIC Applicant or WIC Participant who is an Infant or Child signs a release authorizing the disclosure that complies with the requirements in 7 Code of Federal Regulations Section 246.26(d)(4) and federal guidance. The Parties must work collaboratively to develop and implement a process to ensure that MCP and Agency comply with the applicable provisions of closed loop referrals guidance within 90 Working Days of issuance of this guidance. The Parties must establish a system that tracks cross-

system referrals and meets all requirements as set forth by DHCS through an APL or other, similar guidance.]

iii. MCP must have policies and procedures in place to maintain collaboration with Agency and to identify strategies to monitor and assess the effectiveness of this MOU.

b. Population Health Management. In order for MCP to ensure Members have access to Medi-Cal for Kids and Teens benefits and perinatal services, MCP must coordinate with Agency as necessary. MCP must undertake such activities in accordance with the Medi-Cal Managed Care Contract, DHCS Population Health Management Program, and policy guidance,³ with a focus on high-risk populations such as Infants and Children with special needs and perinatal African Americans, Alaska Natives, and Pacific Islanders.

c. Maternity and Pediatric Care Coordination. MCP must implement processes to coordinate WIC Participant care between Agency and Network Providers in primary care; in obstetrics-gynecology; in pediatric care settings, with Network Providers and hospitals where WIC Participants deliver; and for WIC Participants transitioning from inpatient deliveries to outpatient postpartum and pediatric care settings. Agency is prohibited from charging costs associated with performing these activities to the WIC Program except to the extent that the costs are permissible under applicable federal authorities and the terms and conditions of Agency's local agreement with CDPH.

MCP must provide care management services for Members who are WIC Participants, as needed, including for high-risk pregnancies and Infants and Children with special needs, and engage Agency, as needed, in care management and care coordination.

i. MCP must ensure that its Network Providers arrange for the lactation services, or any relevant services outlined in applicable DHCS policy letters, and all lactation support requirements outlined in the Medi-Cal Managed Care Contract and Policy Letter 98-010, which includes breastfeeding promotion and counseling services as well as the provision of breast pumps and donor human milk for fragile Infants.

iii. MCP must assist Members, as necessary, with the referral process and relevant follow-up to ensure Members obtain therapeutic formula from the appropriate source in a timely manner.

iv. The Parties may coordinate to assemble a skilled workforce of peer counselors, registered dietitians, lactation educators, and lactation consultants to provide clinical nutrition and lactation services for Members in a timely manner.

9. Quarterly Meetings.

a. The Parties must meet as frequently as necessary to ensure proper oversight of this MOU, but not less frequently than quarterly, to address care coordination, Quality Improvement (“QI”) activities, QI outcomes, systemic and case-specific concerns such as barriers or issues related to referrals for therapeutic formulas, and communication with others within their organizations about such activities. These meetings may be conducted virtually.

i. Within 30 Working Days after each quarterly meeting, MCP must post on its website the date and time the quarterly meeting occurred and, as applicable, distribute to meeting participants a summary of any follow-up action items or changes to processes that are necessary to fulfill MCP’s obligations under the Medi-Cal Managed Care Contract and this MOU.

ii. MCP must invite the Agency Responsible Person, Agency Liaison, and Agency executives to participate in MCP quarterly meetings to ensure appropriate committee representation, including a local presence, and to discuss and address care coordination and MOU-related issues. Subcontractors and Downstream Subcontractors should be permitted to participate in these meetings, as appropriate.

iii. MCP must report to DHCS updates from quarterly meetings in a manner and at a frequency specified by DHCS.

b. **Local Representation.** MCP must participate, as appropriate, in meetings or engagements to which MCP is invited by Agency, such as local county meetings, local community forums, and Agency engagements, to collaborate with Agency in equity strategy and wellness and prevention activities.

10. Quality Improvement. The Parties must develop QI activities specifically for the oversight of the requirements of this MOU, including, without limitation, any applicable performance measures and QI initiatives, including those to prevent duplication of services, as well as reports that track referrals, Member engagement, and service utilization. MCP must document these QI activities in its policies and procedures.

11. Data Sharing and Confidentiality. The Parties must implement policies and procedures to ensure that the minimum necessary Member information and data for accomplishing the goals of this MOU are exchanged timely and maintained securely and confidentially and in compliance with the requirements set forth below. The Parties must share information in compliance with applicable law, which may include the Health Insurance Portability and Accountability Act and its implementing regulations, as amended (“HIPAA”), 42 Code of Federal Regulations Part 2, and other State and federal privacy laws, including but not limited to federal law governing the access, use, and disclosure of WIC Program information. Under federal law, confidential WIC Applicant and WIC Participant information is any information about a WIC Applicant or

WIC Participant, whether it is obtained from the WIC Applicant, WIC Participant, or another source, or generated as a result of a WIC application or WIC certification or participation, that individually identifies a WIC Applicant or WIC Participant and/or family member(s). WIC Applicant or WIC Participant information is confidential, regardless of the original source and exclusive of previously applicable confidentiality provided in accordance with other federal, State, or local law. (7 Code of Federal Regulations Section 246.26(d)(1)(i).) Agency's sharing of confidential WIC Applicant and WIC Participant information with MCP must comply with 7 Code of Federal Regulations Section 246.26.

Data Exchange. MCP must share the minimum necessary data and information to facilitate referrals and coordinate care under this MOU. Agency is encouraged to share the necessary minimum information and data to facilitate referrals and coordinate care under this MOU. Agency must secure appropriate written consent from WIC Participants and WIC Applicants on a form approved by CDPH before exchanging confidential WIC Participant and WIC Applicant information with MCP, and any exchange must comply with the requirements set forth in 7 Code of Federal Regulations Section 246.26(d)(4). The Parties must have policies and procedures for supporting the timely and frequent exchange of Member information and data, which may include behavioral health and physical health data; for ensuring the confidentiality of exchanged information and data; and, if necessary, for obtaining Member consent. The minimum necessary information and data elements are to be shared as agreed upon by the Parties as set forth in Exhibit C of this MOU, contingent on the receipt of Members' appropriate written consent. The Parties must annually review and, if appropriate, update Exhibit C of this MOU to facilitate sharing of information and data.

a. The Parties must enact policies and procedures to implement the following requirements with regard to information sharing:

i. The Parties must collaborate to implement data linkages to streamline the referral process from MCP or its Network Providers to Agency to reduce the administrative burden on Agency and to increase the number of Members enrolled in WIC.

ii. The data exchange process must consider how to facilitate the provision of the following information from MCP or its Network Providers: proof of pregnancy, height and weight of Infants at birth, pregnant individuals' pre-pregnancy height and weight, immunization history, wellness check information, social drivers of health information as agreed upon by the Parties, and any additional information agreed upon by the Parties.

iii. To the extent individual authorization is required, the Parties must obtain authorization to share and use information for the purposes contemplated in this MOU in a manner that complies with applicable laws and requirements.

b. **Interoperability.** MCP must make available to Members their electronic health information held by MCP pursuant to 42 Code of Federal Regulations Section 438.10 and in accordance with APL 22-026 or any subsequent version of the APL. MCP must make available an application program interface that makes complete and accurate Network Provider directory information available through a public-facing digital endpoint on MCP's website pursuant to 42 Code of Federal Regulations Sections 438.242(b) and 438.10(h).

12. Dispute Resolution.

The Parties must agree to dispute resolution procedures such that in the event of any dispute or difference of opinion regarding the Party responsible for service coverage arising out of or relating to this MOU, the Parties must attempt, in good faith, to promptly resolve the dispute mutually between themselves. MCP must, and Agency should, document the agreed-upon dispute resolution procedures in policies and procedures. Pending resolution of any such dispute, the Parties must continue without delay to carry out all their responsibilities under this MOU, including providing Members with access to services under this MOU, unless this MOU is terminated.

a. Disputes between MCP and Agency that cannot be resolved in a good faith attempt between the Parties within 15 Working Days of initiating such dispute must be forwarded by MCP to DHCS and may be forwarded by Agency to DHCS. Until the dispute is resolved, the Parties may agree to an arrangement satisfactory to both Parties regarding how the services under dispute will be provided.

b. Nothing in this MOU or provision constitutes a waiver of any of the government claim filing requirements set forth in Title I, Division 3.6, of the California Government Code or as otherwise set forth in local, State, or federal law.

13. Equal Treatment.

a. Pursuant to 7 Code of Federal Regulations Section 246.3(b) and Title VI, 42 United States Code Section 2000d et seq., Agency cannot provide any service, financial aid, or other benefit to an individual that is different, or is provided in a different manner, from that provided to others under the WIC Program. Nothing in this MOU is intended to benefit or prioritize Members over WIC Participants who are not Members.

Further, MCP may enter into Subcontractor Agreements or Downstream Subcontractor Agreements that relate directly or indirectly to the performance of MCP's obligations under this MOU.
