B. Providers

B1. Key terms

This section explains key terms in our *Provider and Pharmacy Directory*.

- **Providers** are health care professionals and support providers such as doctors, nurses, pharmacists, therapists, and other people who provide care and services. **Services** include medical care, long-term services and supports (LTSS), supplies, prescription drugs, equipment and other services.
 - The term providers also includes facilities such as hospitals, clinics, and other places that provide medical services, medical equipment, and long-term services and supports.
 - Providers that are a part of our plan's network are called network providers.
- **Network providers** are the providers that have contracted with us to provide services to members in our plan. The providers in our network generally bill us directly for care they give you. When you use a network provider, you usually pay nothing for covered services.
- **A Primary Care Provider (PCP)** is a family practitioner, general practitioner, or internist who gives you routine health care. Your PCP will keep your medical records and get to know your health needs over time. Your PCP will also give you a **referral** if you need to use a specialist or other provider.
- **Specialists** are doctors who provide health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:
 - Oncologists care for patients with cancer.
 - Cardiologists care for patients with heart conditions.
 - Orthopedists care for patients with certain bone, joint, or muscle conditions.
- A **medical group** is a group of PCPs, specialists, and other health care providers who work together. If you need a specialist, your PCP must send you to a specialist in their medical group. There is more information about how your choice of PCP will determine your medical group in Section B2, Choosing a Primary Care Provider (PCP), of this Directory.
- You may need a **referral** for a specialist or someone that is not your PCP. A **referral** means that your primary care provider (PCP) must give you approval before you can use someone that is not your PCP. If you don't get a referral, Anthem Blue Cross Cal MediConnect Plan may not cover the service.
 - Referrals from your network PCP are not needed for:
 - Emergency care;
 - Urgently needed care;

 **If you have questions**, please call Anthem Blue Cross Cal MediConnect Plan at **1-855-817-5785 (TTY: 711)**, Monday through Friday 8 a.m. to 8 p.m. The call is free. **For more information**, visit **duals.anthem.com**.

- Kidney dialysis services that you get at a Medicare-certified dialysis facility when you are outside the plan's service area;
- Services from a women's health specialist;
- Preventive health services for all ages, including immunizations;
- Basic prenatal care; or
- Communicable disease services, including sexually transmitted infection and HIV testing.
- Additionally, if you are eligible to get services from Indian health providers, you may use these providers without a referral. We must pay the Indian health provider for those services even if they are out of our plan's network.
- More information on referrals is available in Chapter 3 of the *Member Handbook*.
- You also have access to a care coordinator and a care team that you help choose.
 - A **Care Coordinator** helps you manage your medical providers and services.
 - Your **Care Team** includes you, your doctors, your care coordinator, and anyone else who plays an important role in your care. Everyone on the care team works together to make sure your care is coordinated. This means that they make sure tests and labs are done once and the results are shared with the appropriate providers. It also means that your PCP should know all medicines you take so that they can reduce any negative effects. Your PCP will always get your permission before sharing your medical information with other providers.
 - With Anthem Blue Cross Cal MediConnect Plan, you have a team of people to help you get the care you need. This team, called your Interdisciplinary Care Team (ICT), is made of all your caregivers: your doctors and nurses, long-term care providers, pharmacists, behavior health specialists, and social workers. Your ICT helps make sure your medical, behavioral health, long-term care and supports, and social needs are met as a part of your individual care plan (ICP). Your ICP is a plan for what services you will get and how you will get them. You'll choose your providers from the list in this Directory.
 - In addition, Anthem Blue Cross Cal MediConnect Plan supports your health care needs by providing access to health assessments, disease management programs, and follow-up visits after you leave the hospital through our neighborhood CareMore Care Centers.

B2. Choosing a Primary Care Provider (PCP)

You can get services from any provider who is in our network and accepting new members.

First, you will need to choose a Primary Care Provider. You may be able to have a specialist act as your PCP. A specialist is a doctor who provides health care services for a specific disease or part of the body. You may choose a specialist as your PCP if that doctor is listed as a PCP in this provider directory.

Our plan's PCPs are affiliated with medical groups. When you choose your PCP, you are also choosing the affiliated medical group. This means that your PCP will be referring you to specialists and services that are also affiliated with their medical group.

- If there is a particular specialist or hospital that you want to use, it is important to find out whether they are affiliated with your PCP's medical group. You can look in this directory, or ask Anthem Blue Cross Cal MediConnect Plan Member Services to find out if the PCP you want makes referrals

If you have questions, please call Anthem Blue Cross Cal MediConnect Plan at **1-855-817-5785** (TTY: 711), Monday through Friday 8 a.m. to 8 p.m. The call is free. For more information, visit duals.anthem.com.

to that specialist or uses that hospital.

- If you don't stay within your PCP's medical group, Anthem Blue Cross Cal MediConnect Plan may not cover the service.

To choose a PCP, refer to the list of providers on page 14 and choose a provider:

- that you use now, **or**
- who has been recommended by someone you trust, **or**
- whose offices are easy for you to get to.
- If you want help in choosing a PCP, please call Member Services at **1-855-817-5785 (TTY: 711)**. This call is free. Or, visit **duals.anthem.com**.
- If you have questions about whether we will pay for any medical service or care that you want or need, call Member Services and ask **before** you get the service or care.

B3. Long-term services and supports (LTSS)

As an Anthem Blue Cross Cal MediConnect Plan member, you may be able to get long-term services and supports (LTSS), such as Community-Based Adult Services (CBAS), the Multipurpose Senior Service Program (MSSP), and long-term care in a Nursing Facilities (NF). LTSS help people who need assistance to do everyday tasks like taking a bath, getting dressed, making food, and taking medicine. Most of these services are provided at your home or in your community but could be provided in a nursing home or hospital.

These services include Community-Based Adult Services (CBAS).

CBAS is a community-based day health program that provides services to older persons and adults with chronic medical, cognitive, or mental health conditions and/or disabilities that are at risk of needing institutional care.

To apply for CBAS, please contact Anthem Blue Cross Cal MediConnect Plan Member Services at **1-855-817-5785 (TTY: 711)**, Monday through Friday from 8 a.m. to 8 p.m.

Other long-term services and supports provided by Anthem Blue Cross Cal MediConnect Plan include community-based resources to help you meet your needs. To find providers of these services, refer to page 107 in this Directory.

A full list of these services is available in Chapter 4 of your *Member Handbook*.

Your care coordinator can tell you more about available services, the eligibility requirements, and how to apply for these programs.

We want to help you live in the comforts of your own home or community as independently as possible, for as long as possible. There are several programs that you might qualify for if you need extra help with activities of daily living. An Anthem service coordinator will work with you to develop a plan of care and will help you enroll in one of the programs or find other resources in your community.

B4. How to identify providers in Anthem Blue Cross Cal MediConnect Plan's network

You must get all of your covered services from providers within our network that are affiliated with your PCP's medical group. If you use providers who are not in Anthem Blue Cross Cal MediConnect Plan's

 **If you have questions**, please call Anthem Blue Cross Cal MediConnect Plan at **1-855-817-5785 (TTY: 711)**, Monday through Friday 8 a.m. to 8 p.m. The call is free. **For more information**, visit **duals.anthem.com**.

network and are not affiliated with your PCP's medical group (without prior authorization or approval from us), you will have to pay the bill.

A prior authorization is an approval from Anthem Blue Cross Cal MediConnect Plan before you can get a specific service or drug or use an out-of-network provider. Anthem Blue Cross Cal MediConnect Plan may not cover the service or drug if you don't get approval.

The exceptions to this rule are when you need urgent or emergency care or dialysis and cannot get to a provider in the plan, such as when you are away from home. You can also go outside the plan or your PCP's medical group if Anthem Blue Cross Cal MediConnect Plan gives you permission first.

You may need a referral for someone who is not a Primary Care Provider. There is more information about referrals in Section B1, Key terms, of this Directory on page 4.

- You may change providers within the network at any time during the year. If you have been using one network provider, you do not have to keep using that same provider. For some providers, you may need a referral from your PCP.
- Remember, our plan's PCPs are affiliated with medical groups. If you change your PCP, you may also be changing medical groups. When you ask for the change, be sure to tell Member Services whether you are using a specialist or getting other covered services that require PCP approval. Member Services will help make sure that you can continue your specialty care and other services when you change your PCP.
- Anthem Blue Cross Cal MediConnect Plan works with all the providers in our network to accommodate the needs of people with disabilities. As applicable, the list of network providers in this Directory includes information about the accommodations they provide.
- If you need a provider and are not sure if they offer the accommodations you need, Anthem Blue Cross Cal MediConnect Plan can help you. Talk to your care coordinator for assistance or call Member Services at **1-855-817-5785** (TTY: 711).
