Keep your child healthy with Hoosier HealthWatch

Hoosier HealthWatch offers special preventive care for children and young adults up to age 21. This care is called Early and Periodic Screening, Diagnostic and Treatment, or EPSDT, and provides children with the routine checkups and shots they need. You can set up EPSDT visits with your child's PMP, who will track their health and growth and also check for blood lead poisoning if needed.

Programs for when you're expecting

Pregnant members are enrolled in the New Baby, New LifeSM program. You'll receive information on taking care of yourself during pregnancy and preparing for your new baby. After giving birth, you'll receive information about caring for yourself and your newborn. We'll also set you up with a case manager if you need extra help. The program also offers:

- Rewards for going to your prenatal and postpartum appointments.
- Tips, appointment reminders, and videos at no cost through **My Advocate[®]** (**MyAdvocateHelps.com**) and **Text4baby** (**text4baby.org**).

Preventive care visits can help you stay healthy

Preventive care is the kind of care you receive when you're *not* sick and includes things like annual checkups, mammograms, and shots. Schedule a checkup with your PMP within your first 60 days and then once a year after that.

Getting your medicines

You can have prescriptions filled at pharmacies in your plan. To find a pharmacy in your plan:

- Go to **[anthem.com/inmedicaid](https://www.anthem.com/inmedicaid)**.
- Select **Find a Doctor**.
- Choose the directory link or the **Search Now** button to find providers.

If you're not sure if your pharmacy is in the Anthem network, ask the pharmacist or call Pharmacy Member Services at **833-235-2023 (TTY 711)** 24 hours a day, seven days a week. For the list of drugs covered under your pharmacy benefit (Preferred Drug List), visit **[anthem.com/inmedicaid](https://www.anthem.com/inmedicaid)**.

Need a ride to the doctor or an appointment related to your healthcare?

Call **844-772-6632 (TTY 888-238-9816)**, Monday through Friday from 8 a.m. to 8 p.m. Eastern time.

You must call at least two (2) business days before your appointment.

Where should I go if I'm sick or hurt?

For most healthcare issues, you'll see your PMP. You can go to an urgent care center for minor problems, if your PMP's office is closed, or if you need to see a doctor right away. But if it's a serious or life-threatening emergency, call 911 or go right to the emergency room (ER). If you're not sure, check the guide below or call 24/7 NurseLine at **866-408-6131 (TTY 711)** to talk to a nurse.
