You have been selected to participate in the Right Choices Program (RCP).

In the Right Choices Program, you'll have access to your own health care providers who will help you manage your overall health care needs. In addition to your personal team of one doctor, called a primary medical provider (PMP), one pharmacy and one hospital, you'll also have access to a case manager at Anthem Blue Cross and Blue Shield. A pharmacist, doctor or social worker at Anthem may also participate in your care plan. This team of experts will be working with you to help you use your health care services the right way to help you feel better.

Why was I selected for the Right Choices Program?
Anthem Blue Cross and Blue Shield wants you to be as healthy as possible. One of the best ways to help you do this is to make sure you have just one PMP. If you have one PMP, your doctor can help take better care of you because he or she will know about all your treatments and medicines.

What do I do next?
After you get your Initial Notification letter, you have ten (10) calendar days to choose your RCP providers. You must notify the RCP Administrator at Anthem, either by phone or in writing, of your choice of one (1) PMP, one (1) pharmacy and one (1) hospital. The hospital must be one where your PMP has privileges to practice and one that your PMP prefers to use for your care. If you don’t notify us with your choices within ten (10) calendar days, your providers will be chosen for you based on your past provider relationships. If you don’t respond to your Initial Notification, you may only change your PMP one (1) time while enrolled in the RCP.

To tell the Anthem RCP Administrator your choices:
Call (toll free) 1-866-902-1690 and choose option 3 OR
Send a letter to:
Anthem RCP Administrator
P.O. Box 6144
Indianapolis, IN 46206-6144

If you’re currently seeing a specialist, or you have an upcoming initial appointment with a specialist, you must tell your PMP so that he or she can make a referral to the specialist and send a copy of the referral to the RCP Administrator. You don’t need a referral for behavioral health, dental, podiatry, ophthalmology/optometry care and waiver services unless you’ll be getting prescriptions from a pharmacy.

What if I disagree with being chosen for the Right Choices Program?
If you disagree, you have 30 calendar days from the date of this letter to appeal in writing to Anthem at:
