

Your dental home

As an Anthem Medicaid and DentaQuest member, you have a dental home. A dental home is to where you'll go to see a dentist every six months. This dentist will provide any needed oral healthcare for you.

Your dental home will work with you to keep you healthy. It's important to go back to the same dental home for each appointment.

Your dental home will provide:

- Complete dental care.
- A personalized dental health plan.
- Guidance about diet and growth.
- Information on how to correctly care for your teeth.

Healthy teeth and gums are an important part of overall health. For a healthier life, we recommend a checkup every six months. Your child's first dental visit should take place after that first tooth appears, but no later than the first birthday.

If you have questions about your dental home or dental benefits, or would like to change your dental home, call toll-free at 855-343-7405. You can also visit our website at **dentaquest.com**.

Don't wait. Call your dental home and make an appointment today.

Please remember: *It is important to keep all of your appointments and arrive on time.*
