

Help Wisconsin students eat
more fruits and vegetables!

Your partner for a healthier life

Watch Us Sprout

What is Watch Us Sprout?

Watch Us Sprout is a garden grant program for **Wisconsin schools** wanting to start a new garden or expand or support an existing one.

Anthem Blue Cross and Blue Shield
will donate \$500 to your school to buy:

- Seeds.
- Dirt.
- Planter boxes.
- Gardening tools and other supplies.

Students and school staff get to plant and tend a garden, and everyone gets to **watch it sprout**.

How to apply

Any Wisconsin elementary, middle, or high school can apply for Watch Us Sprout funding. Fill out the form on the back of this flier and email it to Veronica Parker at veronica.parker@anthem.com by March 15, 2019. You will be notified via email by April 1, 2019, if your school was selected to receive a grant. Schools in underserved areas are strongly encouraged to apply.

Guidelines

Funded garden projects must be initiated no later than July 1, 2019. Grant recipients will be expected to submit photo documentation and a final progress report of their project.
